

COMMERCIAL APPLICATOR USE RECORDS FORM

1. Place Of Application	Application Date	2. Pesticide(s) Applied	EPA Reg. Number	MIX (pest. conc./diluent) (Total Concentrate Applied)	Mix Applied (Total Diluent Applied)	Application Site(s)	Applicator Name & Reg.#
	(Time applied if applicable)						
1.							
2.							
3.							
4.							
5.							
6.							
7.							

- For agricultural applications, the **PLACE OF APPLICATION** is the name and address of the farm and the specific field or land area and crop that was treated.
- The brand or trade name of each pesticide used or symbol representing such name, providing the business also keeps a list which clearly correlates the symbol used with full and complete pesticide products names.
- For pesticide applicator business applications of a termiticide, the record must also include a diagram of the structure treated, depicting the lower level of the structure, the location of the termite infestations and visible damage, areas treated, and any significant items such as location of known wells, drainage systems and streams and ponds which may be affected by the application.
